

Health Benefits Program

CalPERS Health Benefits Program Draft Vision Statement

Alternate Three

(from February 18, 2009 HBC Meeting Discussion)

CalPERS will lead in the promotion of health and wellness of our members through best-in-class, data-driven, cost-effective, quality, and sustainable health benefit options for our members and employers.

We will engage members, employers, and other stakeholders as active partners.

CalPERS will be a leader for health care reform at state and national levels.

Health Benefits Program

CalPERS Health Benefits Program Draft Vision Statement Alternate Four

CalPERS will promote the health and wellness of our members by providing their employers with a variety of best-in-class and sustainable health benefit programs ^[1].

We will engage our members , employers, and other stakeholders as active partners in this pursuit and be a leader for health care reform both in California and nationally ^[2].

[1] Proposal: “Best-in-class” can be further defined as data-driven, cost-effective, and quality in the goals/objectives and in the key criteria. Variety reinforces the concept of options.

[2] Proposal: Second paragraph now ties the first paragraph as well as consolidates partnering with leadership.
